

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

in 67 A.D., and II Timothy from Rome in 68 A.D. There is a strong Methodist Episcopal flavor in the style; for example: "Timothy is Paul's son and the Ephesian district superintendent. Paul writes now to the boy and now to the budding bishop" (p. 472). The bibliography is excellent and the indexes are full. The citations from the literature on the subject are judiciously made. No better presentation of the conservative view of the Pauline literature is at hand.

The Inner Life. By Rufus M. Jones. New York: Macmillan, 1916. Pp. xii+194. \$1.00.

This little volume of essays on the religious life by the Professor of Philosophy in Haverford College has significance entirely out of proportion to its modest size. The table of contents shows six chapters, as follows: "The Inner Way," "The Kingdom within the Soul," "Some Prophets of the Inner Way," "The Way of Experience," "A Fundamental Spiritual Outlook," and "What Does Religious Experience Tell Us about God?" But this poorly indicates the wealth of insight, the fertility of suggestion, and the practical counsel contained in the book. The writer of this review has read every line in this volume with an increasing sense of obligation to the writer and closed the last chapter with a fresh hold on the certainties of the spiritual life. The fifth chapter, "A Fundamental Spiritual Outlook," is a statement of a valid view of life for today, which students, ministers, and thoughtful people of every kind ought to read and reflect upon. We are witnessing a revival of mysticism. It is the inevitable swing of the pendulum from the crass materialism of the immediate past. Professor Jones is a "practical mystic" of the finest type. He leaves us with a new confidence in the reality and nearness of God; and, in order to gain this, it has not been necessary to flee to a cave, wear a hair shirt, or waste away under vigils and scourgings. Professor Jones helps us escape the false "either-or" dilemma (p. 83); he plants our feet on earth while he lets us discern new stars in the sky. The book is of convenient size and well printed (although a rebellious comma slipped into the wrong place on p. 112, line 10). This book may profitably be used for the devotional hour.

Doubters and Their Doubts. By Charles David Darling. Boston: Sherman, French & Co., 1916. Pp. 117. \$1.10 net.

The author does well to encourage people to face religious questions with all honesty; but, for many thoughtful people at least, he will fail to show the way out of difficulties because

of the ease with which he makes his basal assumptions, e.g., about God, the Bible, Jesus, and the nature of religion. Is Dr. Darling quite fair to other religions? Does he not know that scholarship has long since pointed out the inadequacy of the older arguments, and substituted much better ones, for believing in God and for the large place of the Bible and Jesus in everyday life?

The Prosecution of Jesus: Its Date, History, and Legality. By Richard Wellington Husband. Princeton: Princeton University Press, 1916. Pp. vii+302. \$1.50.

Although the theme is a familiar one, the author has produced a new piece of investigation based upon the original sources of information. His point of departure is that of Roman rather than of Hebrew legal procedure. In fact, he regards the proceedings in Pilate's court as the only real trial to which Jesus was subjected, the hearing before the Sanhedrin having been nothing else than grand-jury proceedings. This conclusion rests upon the affirmation that the Jewish courts had no authority in criminal cases after Judea became a Roman province. Jesus had been arrested by the Jewish police about midnight and brought before the Sanhedrin early in the morning. The outcome of this hearing was a decision to arraign him before Pilate on a charge of false prophecy and treason against the Roman Empire. After hearing the case Pilate had doubts about Jesus' guilt and urged his opponents to withdraw their accusation, but when they refused he condemned Jesus on the charge of treason. No violation of legal procedure is thought to have occurred at any stage in the proceedings. The arrest was made legally; the hearing before the Sanhedrin was not illegal, because it was not a formal trial; and Pilate followed the customary form of procedure. He gave his verdict on the preponderance of the evidence presented.

Another noticeable feature of the book is its dating of events in the career of Jesus. Following the Gospel of John, Nisan 14 is fixed upon as the day of the crucifixion. As for the year, the commonly accepted date of 29 or 30 A.D. is rejected in favor of 33 A.D. The astronomical data are alleged to be such that in this period Nisan 14 cannot have fallen on Friday except in the year 33. Again, following the implications of John, the public activity of Jesus is made to extend over a period of approximately three years.

The volume is a distinct contribution to the subject, and especially valuable because of the author's careful treatment of Roman criminal procedure. His treatment of the gospel materials is less thorough, although he is familiar with the results of critical study and is in full sympathy with the critical method.
